

CERTIFICATE OF ACHIEVEMENT

PROUDLY PRESENTED TO

FOR:

Teacher

Date

Thank you for purchasing our **Music Award Certificates**

Editable Version Access Info:

You may print the previous page/s and handwrite the student's details on the certificates if you want to.

Alternatively, if you would prefer to type the students details onto the certificates, you can access the editable file/s using the instructions below.

File Access Instructions:

Make sure you have a Google Drive account – this is free if you have a Gmail address. If you don't have a Google Drive account yet, go set it up now, as that is where this editable certificate file will be saved for you.

To obtain your copy of the file, click on each of the link below:

https://docs.google.com/presentation/d/1U5AI4Lbo3qEOXDpA7VVh2Y9NG8fm5SSg_ULzZL8tXbQ/copy

NB. If the above link does not work, you can paste it into your Google browser for access.

When you follow your link above, **Google Slides will allow you to make a copy** of these files, to save in your own Google Drive, so you can use and edit them from there. **Be sure to save this file to your own Google Drive straight away, before the link expires.** To protect your investment in purchasing this product, and our copyright, please do not share this access link with anyone, as this breaches our copyright.

Note: This google slides file **works best when used in a Google browser.**

Access to this file is provided subject to Copyright laws and fair use statements below:

Copyright: All original material contained in this digital product remains the sole copyright of Anne Hilberts, 2023.

'Fair use':

You may use this file only with students that you teach directly. (Music schools with multiple teachers must purchase a separate copy for each teacher.)

You may save this file to your own personal Google Drive for this purpose only.

You may print this file to give certificate to students.

This file may not be altered in any way or resold.

You may NOT share this file, or the link to access it, or any copies of this file, with anyone else.

Any images contained herein which were purchased for use in this digital product, may not be copied or used separately from it in any way – this is a proviso

from those graphics companies themselves.

Thank you once again for purchasing our teaching resources!
We do hope that you and your students enjoy using them!

Teach & revise Intervallic Sight Reading with the 'Go FISH!' posters & GAMES!
 - Strengthen real learning with FUN -

Good sight reading is all about recognising patterns, intervals and chords... Quickly!

Know your INTERVALS... ..by NUMBER!

We can use INTERVALS to help us read music quickly... They're like a sight reading SHORTCUT!

An INTERVAL is just the distance between two notes.

2nds 4ths 6ths 8ths
 3rds 5ths 7ths

Intervals with EVEN numbers always have one note on a line and the other note in a space

Intervals with ODD numbers always have either both notes on a line or both notes in a space

Know your INTERVALS... ..by QUALITY!

INTERVALS can have the same NUMBER, but a different QUALITY.

'QUALITY' just means Major or Minor... or Perfect!

MAJOR intervals occur in the Major Scale. MINOR intervals occur in the Natural Minor scale. PERFECT intervals occur in BOTH scales.

...BUT a Major 2nd breaks this rule - it occurs in BOTH scales, yet it's NOT called Perfect!

Look at these examples using C Major & C Minor:

- Go FISH! Game Set - Interval Mastery BUNDLE:

- * THREE different Game Levels
- * TWO colourful Interval Posters
- * PLUS a Studio Challenge LeaderBoard
